FALL SUIT REMARKS

The Suits of the season suggest stateliness rather than Take the coat for instance: though the shoulders are

broad, the lines concave towards the waist, then flare out into long skirts, forming what is called the French Back. Some of these Suits have center vents with creased seams.

The new big lapels tend to give the impression of a

broad chest. A noticeable feature of this long coat is the fact that if lends itself equally well to short or tall men.

There's a long price range: \$10, \$12, \$15 or \$25.

The exclusive tailor can charge you twice these prices. and he will if he has the opportunity, but you can rest assured that he never can give you better Suits.
